

2024 BIBLE READING PROGRAM

April

God gifted humanity with the Bible...a sprawling, complex, and long book filled with ancient Hebrew and Greek poetry and prose. Those characteristics make the Bible challenging for readers today. So, part of becoming a faithful student of the Bible involves learning how to *read* it by becoming familiar with its literary devices, images, themes, and how they are employed in its various books.

To help us in our 2024 reading program, we will pair readings with videos produced by the Bible Project. The Bible Project offers short, animated explainer videos for every book of the Bible, along with videos on topics like Biblical themes and word studies. The videos provide helpful summaries of large blocks of the Bible's narrative and overviews of complex ideas. The videos thus offer a resource to help us develop our ability to read and understand God's Bible.

Schedule

All videos listed in the reading schedule can be found at Bibleproject.com/explore, where they can be looked up by the titles listed in the program.¹

Day	BOOK	PSALM	VIDEO
<i>The Wilderness</i>			
April 1	2 Samuel 19-21	Psalm 92
